

Dear Parents/Carers,

We write jointly as Conwy's Secondary Head Teachers to inform you of the next steps following further guidance from Welsh Government and Conwy Authority around school closures and opening in response to the coronavirus crisis.

As you are already aware schools will be closed from the end of the day 20/3/20 for a 4 week Easter break.

Following a joint planning day on Monday 23/3/20 at school and cluster level, from Tuesday, schools will re-open for a new purpose. This purpose is to provide care for the children of essential/key workers where there is **no other available childcare provision**.

Essential/key workers have been defined as :

- health workers – all those employed within the NHS
- blue light / emergency service officers
- social care workers
- supermarket workers
- delivery drivers
- prison officers and other prison staff
- probation service staff
- teaching staff and teaching assistants

We strongly recommend that if you are a keyworker and are able to provide alternative childcare provision for your children then you do this rather than send them to school. School is operating as a 'last resort' childcare facility for parents that don't have another option. We will rely on your honesty and clarity in this regard and hope that you would not put school staff and any other children at unnecessary risk.

We will be in touch in due course regarding how to access the provision next week.

Schools will also be providing a school meal for students eligible for free school meals, and we will forward details of these arrangements to you early next week.

Transport will continue as usual to support this and both this and the provision needed will be continuously monitored over the coming weeks.

Thank you for your continued support in this difficult and challenging time. We wish all our pupils and families our best wishes over the next few weeks.

Yours sincerely,

S Sutton Ysgol Eirias

The Headteachers of Conwy Authority.
