

ART AND DESIGN / CELF A DYLUNIO

This exciting, creative course offers you the opportunity to extend your passion for art and appreciation of artworks.

Your work will be individual as you develop personal responses linked to a theme. You will explore the creative process of artists and explore a range of processes and techniques using a wide variety of media. You will experience practical demonstrations and creative workshops and are encouraged to support your work with digital photography and digital artwork. You will have the opportunity to visit galleries to feed your awareness of art.

Studying A level Art leads you to Further and Higher Education. You can complete foundation courses in Coleg Menai and Llandrillo or apply directly to an Art based degree course. Equally this course builds strong creative and problem-solving skills sought by many universities and employers.

This course provides a strong creative base for any art-based career, from curating to printmaking, animation to illustration, architecture to interior design, and is suitable for all motivated young artists with a desire to express.
